# AN ENTIRELY NEW GROUP OF FREE PLANTS

## WHILE THE STOCK LASTS — BUT YOU WILL HAVE TO HURRY!

My offer still holds good to give away 100,000 plants of those World Famous Iris, that produce such orchid-like blooms, and that have been showered with Medals, Honors and Awards such as few flowers receive. I paid fabulous prices for the originals, yet the plants I am giving away FREE are larger and far better plants than those I originally bought, being the MAMMOTH SIZE PLANTS grown at my Iris Ranch in the famous Yakima Valley in the State of Washington, from which point they will be shipped direct to you. Each is an AUTHENTIC plant of the variety specified, all propagated from the original plant, and all identical with the original in color, form, fragrance, habit of growth, etc., but in LARGER AND BETTER PLANTS.

### ACREAGE MUST BE ABANDONED

The shortage of help has hit me just as it has hit everyone else, and I am compelled to reduce my acreage to just a fraction of what has heretofore been cultivated. While this is a part of the 100,000 Iris plants originally reserved for free distribution to my regular customers, the varieties offered below, are ALL DIFFERENT FROM ANY PREVIOUS OFFERS. Therefore, if you have already ordered or wish to order the previous collections, you may also take advantage of this offer with the knowledge that there will be no duplication of varieties in any of the collections. We grow the FINEST IRIS in the WORLD both as to quality of plant and varieties, our present collection being the results of testing about 6000 varieties. EACH PLANT WILL BE FRESHLY DUG FOR YOUR ORDER. ALL WILL BE EXTRA SELECT FLOWERING SIZE PLANTS.

# FINAL CLEARANCE OF ORIENTAL POPPIES

For Shipment From My Nursery in New Jersey

This is the only offering of Poppies I expect to make this year, and the last for the duration. THE VARIETIES IN THE COLLECTIONS ON THE INSIDE OF THIS FOLDER ARE NOT INCLUDED IN THE LIST BELOW, but can be bought separately, if desired, at prices in the collections. However, NO FREE PLANTS ARE GIVEN EXCEPTING WITH COMPLETE COLLECTIONS AS LISTED.

There is nothing more showy in the garden than these Hardy Oriental Poppies, and no garden should be without them. They come up year after year and produce their gorgeous blooms with little or no care. This probably will be your very last chance to get many of them, as the ravages of war will no doubt cause many varieties to cease to exist, as it does with other treasures; in this case for lack of labor to continue propagating them. But let's not cry over what we lose, but be happy if we regain our freedom and retain our independence. But let's not lose anything precious unnecessarily; and these gems of the garden are surely worth preserving.

SUCCESS WITH POPPIES DEPENDS UPON PLANTING THEM AT THE RIGHT TIME. They should be ORDERED NOW to give us time to handle all orders with our reduced force and to get them to you at the most favorable time for planting.

ALL OF OUR POPPIES ARE AUTHENTIC HYBRID VARIETIES, GROWN FROM ROOT DIVISIONS OF THE ORIGINAL PLANT. We sell no seed grown plants, which are NEVER authentic and are generally worthless.
